The Honorable Rosa Delauro
Ranking Member
House Appropriations Committee
Washington, DC 20515

Dear Chairman Granger and Ranking Member DeLauro:

I am requesting funding for the Lyman Water System project in fiscal year 2024. The entity to receive funding for this project is Lyman Water System, located at PO BOX 42 Lyman, Utah, 84749. The funding would be used for the construction of a new concrete water storage tank, a chlorinator building, and to drill a new water well. The proposed storage tank is anticipated to be a 300,000-gallon concrete tank. The project is an appropriate use of taxpayer funds because this project will protect and improve the quality of life of every tax-paying resident living in and visiting Lyman by ensuring they have a safe and reliable drinking water source. The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chris Stewart
Member of Congress
